Grove Manitowoc National Crane Potain

National Crane: Efficiency made easy

Our 1300H series cranes deliver easy and efficient operation with the exclusive Easy Reach feature. Operators can easily swing the controls out of the way, underneath the boom for easier access to payloads.

The 1300H is a 30 USt crane that offers dual H-style outriggers for excellent stability and lifting in all three positions. Contact your local dealer for more information about the 1300H.
